

THE WRANGELL SENTINEL

VOL. XIX. NO. 42

WRANGELL, ALASKA, THURSDAY, OCTOBER 14, 1920

PRICE TEN CENTS

News Notes From All Over The Northland

The Atlin Inn is to be enlarged to take care of the growing tourist traffic.

Whitehorse now has a captured German cannon as a souvenir of the late war.

Ten sacks of potatoes were raised at Valdez on a patch of ground 30x40 feet.

There were 784 fish traps operated in Alaska this season. This is 28 more than in 1919.

The Hudson's Bay company recently sent a scout into southern Yukon to look for a site for a trading post.

A movement has been started to organize a ladies' auxiliary of the Ketchikan Post of the American Legion.

K. L. Steberg of Petersburg is planning on erecting a two or three story brick and frame building at that place next spring.

There is an enrollment of 144 students in the Anchorage school this term. Twenty of the scholars are in the high school.

Another bank called the First National Bank of Anchorage is to be established at Anchorage with a capitalization of \$25,000.

Lester O. Gore, a former attorney of Juneau, is to be associated in the practice of law with A. H. Zeigler, of Ketchikan.

The new physical training instructor of the Ketchikan schools expects to develop two fast basketball teams among the boys.

A caribou that weighed 350 pounds dressed was brought into Valdez a short time ago by hunters. It is said to be the largest one seen for a long time.

The Seward Woman's Club has been successful in raising funds for the establishment of a public library in that city and the institution has now been opened.

Frank R. Pierce, short story writer writing for the "Blue Book," "Popular," and other magazines has recently visited Western Alaska looking for local color for his stories.

A Halifax young lady who visited at Whitehorse this summer writes a letter of appreciation to the editor of the Whitehorse Star for treatment she received while there. She closes her letter by saying that she hoped to meet all the Whitehorse folks in Halifax.

Frank Cotter, former newspaper man of Alaska and owner of a men's furnishing goods store at Seward, has gone to Australia. Mr. Cotter, who wrote under the pen name of Frank O'Cotter, will have the management of the Universal Film Exchange in Australia.

T. G. MacDonald and George Swarva left late last week for Kodiak, from where they will go to the Cold Bay district to examine some mining prospects for the Treadwell company. Mr. MacDonald is scout for the company and Mr. Swarva is the company's chemist.

Mr. Lester D. Henderson, Commissioner of Education for Alaska, was a recent visitor at the Division office. Mr. Henderson is very much interested in the program of the Junior Red Cross and will do everything in his power to promote its establishment in the schools of Alaska.—Seattle Red Cross Bulletin.

The sure foundation of any nation is the good health of all its citizens. The American Red Cross is dedicated to the promotion of better health among people everywhere.

Ellery Carlson Returns From Boston With Wife

Ellery Clifford Carlson, who was the first citizen to volunteer from Wrangell after war was declared in 1917, arrived home this week. He gave his Wrangell friends somewhat of a surprise by bringing a wife with him. The Carlson family have known of the marriage for some time, but at their son's request the news was kept in the family.

After his enlistment Ellery remained in Wrangell for some time waiting to be called. In September, 1917, he received a cablegram ordering him to report at Bremerton. A big farewell reception was tendered him by the Moose lodge, and he left here on September 26, 1917. After spending several months in training at Bremerton, Ellery was assigned to duty on a sub-chaser and transferred to the Atlantic going via the Panama canal.

After reaching the east coast Ellery was transferred to the Kingfisher, a big mine sweeper. He had been on the mine sweeper only a few months when it was blown up. All on board were killed except fourteen who were on deck abaft. These remained for 14 hours on a life raft when they were picked up by a British vessel and taken to Brest and placed in a hospital there.

After his recovery he was brought back to New York, and a little later assigned to duty on a sub-chaser, and sent across the Atlantic again. Later, he was transferred to Lockwood's Base, East Boston. He was there on the day the armistice was signed. This was not only an eventful day in the world's history, but a great day in Ellery's life as well, for it was on that day that he met Miss May Cameron who, a few months later, became Mrs. Carlson. The couple have resided in Boston since their marriage. Mrs. Carlson is a native of New Brunswick, but Boston has been her home since her childhood.

Mr. and Mrs. Ellery Carlson had their first great sorrow a short time ago when they lost their first-born, the little one passing away with infantile paralysis.

Mr. and Mrs. Ellery Carlson are visiting with Ellery's parents, Mr. and Mrs. Oscar Carlson. At the time of leaving Boston Ellery was undecided whether he would merely pay a visit to his childhood home or locate here.

Ellery Carlson has a host of friends in Wrangell who are glad to have him home again, and also to extend a most cordial welcome to his wife—Mrs. Ellery Carlson, although it is difficult to think of Ellery as being married.

A. J. Kalkins left on the Jefferson Monday for Juneau.

FOR SALE—125 h.p. 4-cylinder opposed water cooled airplane engine. Inquire Sentinel office.

7-29-tf

Big Pulp Mill For Prince William Sound

A wood pulp plant, the first unit of which means an investment of \$3,000,000 and will give employment to 500 men, is one of the industries that will be established on Prince William Sound next season by parties already extensively interested in the Territory, says the Cordova Times of recent date. George C. Hazelet has just returned from Galena Bay, where he had Engineer Hesse and a crew of men survey a water site which he has filed upon for power purposes in the manufacture of wood pulp. During the winter measurements will be taken of stream flow in order to ascertain its full capacity and early in the spring work will begin on the development of the project, providing the measurements prove its availability.

The project will include the construction of a large dam for storage purposes and it is hoped to develop an average of 10,000 horse power daily. If this power is available—and it is confidently believed it is—a pulp mill will be installed and wood for the same secured on the Sound.

In speaking of the enterprise, Mr. Hazelet said that the two necessary requisites were plenty of cheap power and an available supply of timber; that the power sufficient to operate a mill is extremely hard to find on the Sound. While many streams would produce from a few hundred horse power during six or eight months of the year, the other months there would be little if any power available. The average power required for grinding one ton of pulp every 24 hours is not less than 75 horse power.

The most economic unit to establish is a mill of not less than 100 tons for every 24 hours, which is to be the capacity of the projected plant. In order to constitute a successful enterprise it will be necessary to have power that will produce at least 7,500 horse power every day of the year. Mr. Hazelet said he believed the site was capable of producing that amount after sufficient reservoirs were constructed to impound the large runoff in the summer months.

The forestry service estimates the timber of Prince William Sound as equal to three billion board feet of six hundred million cords of wood. One cord of wood is approximately equal to a ton of pulp, so it can easily be figured out what timber on Prince William Sound would amount to in value and the length of time that it would require to manufacture the timber into wood pulp with one 100-ton mill.

In the Philippines. In 1917 the Philippine Islands experienced two typhoons, while one hundred and fifty earthquakes were reported from different parts. The damage done was slight and the casualties few. They were not so fortunate in Formosa, where two destructive typhoons were experienced in July and August, and two in Japan in October. The appearance of the water hyacinth is reported from several places in the Philippines, and the secretary of agriculture reports that, unless legislation provides for its destruction wherever found, all still or sluggish waters will soon be impassable to craft or logs and even river steamers. The necessity for increasing the working establishment in the forests of the Philippines, if forest produce is to be preserved, is becoming an urgent necessity, and it is pointed out that in Java, Japan and British India forest officers are employed to a much larger extent than in the Philippines.

Keep Up the Morale. The big thing in life's battles is the morale. You may have the men and the guns, but if the men lack the ginger they are impediments to attainment. It is easy to do things when you are on the winning side. The trouble begins to brew when things go wrong. Anybody can go with the current. It's breasting the tide that shows where strength lies, and muscular strength is the least side of it. When the brain is right and nerve control dependable you can make machines do muscular tasks. There are few things that man's ingenuity has not submitted to mechanical control. So the problem of today is to keep the head right. It means more than keen thinking. There are men of the keenest intellect who need the constant urge of right morale.

Big Fur Crop For the Yukon

\$309,501 Is the Total of Last Season's Catch—Varieties Are Various and Valuable.

A recent issue of the Dawson News gives a survey of the fur crop of the Yukon Territory and in it gives the value of the total catch and the number of skins of each kind that were taken in the different districts:

Interesting figures regarding the fur trade in the Yukon were compiled in the office of the territorial secretary. It will be seen that the fur business is a large source of revenue to trappers and traders, and therefore adds to the general wealth of the territory. The figures are taken from the "Fur Statistics" of the Yukon Territory for the period covering the first year of imposition of "The Fur Export Tax," from August 1, 1919, to July 31, 1920.

A Dawson fur man made a conservative estimate of the catch, taking into consideration the present market conditions. He values the yield at \$309,501.

The gross export tax collected for the whole Yukon from Aug. 1, 1919, to July 31, 1920, as supplied by the territorial secretary, amounts to \$4,110.48.

The following are figures showing the different pelts and number caught in the Yukon Territory:

Weasel, 3,062; muskrat, 44,806; lynx, 334; wolverine, 411; bear, 419; otter, 60; marten, 4,335; mink, 976; red fox, 470; cross fox, 241; silver fox, 133; wolf, 106; coyote, 57.

The following shows the exportation of the above furs divided into districts:

Dawson district—Weasel, 1,593; muskrat, 2,734; lynx, 113; wolverine, 84; bear, 160; otter, 12; marten, 1,298; mink, 276; red fox, 63; cross fox, 76; silver fox, 41; wolf, 46; coyote, 8.

Whitehorse district—Weasel, 641; muskrat, 10,440; lynx, 131; wolverine, 232; bear, 245; otter, 32; marten, 767; mink, 431; red fox, 3; cross fox, 124; silver fox, 71; wolf, 42; coyote, 37.

Upper Stewart district—Weasel, 176; muskrat, 2,179; lynx, 26; wolverine, 20; otter, 2; marten, 236; mink, 75; red fox, 3; cross fox, 1; silver fox, 3; wolf, 1; coyote, 1.

Selkirk and Carmacks district—Weasel, 240; muskrat, 2,917; lynx, 56; wolverine, 64; bear, 8; otter, 9; marten, 348; mink, 134; red fox, 52; cross fox, 26; silver fox, 14; wolf, 10; coyote, 11.

Rampart House district—Weasel, 412; muskrat, 24,996; lynx, 8; wolverine, 11; bear, 6; otter, 5; marten, 1,686; mink, 60; red fox, 21; cross fox, 14; silver fox, 4; wolf, 7.

Big Fur Sale in Seattle

Quarter of a Million Dollars Worth of Skins Change Hands

Cheaper furs are in prospect for Seattle women, if the fur sale conducted by the Hibbard-Swenson company is a criterion of future retail prices. Half of a \$500,000 stock of fancy Siberian skins were sold at a sale held a few days ago in the Hibbard-Swenson company quarters at 1210 Western avenue. Thirty representatives of furriers all over the country submitted tenders for assorted lots of pelts. The skins were of exceptional beauty and brought a satisfactory price. Prices paid for the Hibbard-Swenson stock Tuesday represented a decline of 60 per cent over prices paid in 1919. The average prices paid were as follows: sable, \$80; white fox, \$26; red fox, \$20; Siberian squirrel, \$1, and cross fox, \$35.

A teacupful of Siberian spring wheat planted six years ago in the vicinity of Fairbanks, Alaska, is now worth more than \$10,000. The wheat was brought from Siberia for experimental purposes and from the original teacupful more than 2,000 bushels of grain were harvested last year. There are now 102 homesteaders in the vicinity of Fairbanks, who are engaged in farming.

Ben Hulse left this week on a trip to Texas and Oklahoma.

School Teacher Taken to Juneau for an Operation

Miss Beverly Hatch, a teacher in the Government school at Bayview, arrived in Wrangell on the Princess Pat Monday night. Miss Hatch has been ill lately. Last Sunday it became known that an operation was imperative. She left at once for Juneau via Wrangell. Owing to the urgency of the case Miss Hatch was permitted to take passage from Wrangell to Juneau on the Princess Alice which arrived here a few hours later than the Princess Pat. Miss Hatch was accompanied on the trip by Miss Helen Mav Jones, who is also a teacher in the Bayview schools. The young ladies are new in the Government service. They came north in August from the State of Washington.

Big Class Are Initiated Into Elks at Ketchikan

One of the biggest Elk events ever to take place in Alaska will be the initiation of a class of more than one hundred candidates at Ketchikan Friday night. The ceremonies will be in charge of Juneau Elks Lodge No. 425.

A party of candidates from Wrangell left on the Jefferson for Ketchikan, and upon their arrival will be placed in the corral to await the branding irons. The Wrangell candidates are:

Leonard More Campbell
Eugene Mason
Samuel Cunningham
Wm. Patterson
Ernest M. Campbell
F. E. Bronson
Leo McCormack
Dr. S. C. Shurick
L. A. Olsen
Arnt Sorset
Harry Coulter

The following local Elks also left on the Jefferson for Ketchikan to participate in the ceremonies:

Mayor J. G. Grant
J. E. Worden

The following candidates have been voted on and accepted, but are unable to get away at this time:

T. S. Sterling
Richard Suratt
E. E. Millitson
Dr. R. E. McCormack

Is Fined for Refusing Payment of School Tax

J. Jardine was this week fined \$25 and costs for neglect, failure and refusal to pay the annual school tax imposed by the Session Laws of Alaska. He was also compelled to pay the school tax of \$5.00 and \$2.00 additional. The court costs in the case amounted to \$9.20. This made a total of \$41.20 that Jardine had to pay, or \$36.20 more than it would have cost him had he settled with the school tax collector when called upon. Thirty-two dollars of the amount collected was transmitted to the Territorial Treasurer to be used for school purposes.

Miss Consuelo Grigwire leaves on the Spokane this afternoon for her home in Portland. The young lady came north in the summer of 1919 expecting to spend a few weeks with her father, Ed F. Grigwire, but she liked it so well here that instead of spending a few weeks she has remained more than a year. During her sojourn here Miss Grigwire has made many friends who hope that she will visit Wrangell again.

BORN—To Mr. and Mrs. Tom Fujita, a daughter, on Saturday, October 9.

Weekly Budget Of Happenings About Town

L. B. Chisholm left on the City of Seattle Thursday on a business trip to Seattle.

F. E. Shangle took passage to Seattle on the City of Seattle which was in port last Thursday.

Donald Sinclair has had a roadway constructed alongside his store building. This has been done in order to make it possible for an auto truck to get to the platform at the rear of the store.

O. P. Brown of the O. P. Brown Lumber and Box company of Craig, arrived in Wrangell on the Princess Pat Monday night. He will leave on the Princess Mary tonight on a business trip to Prince Rupert, Vancouver, and Seattle.

The School Board needs a simple shed constructed over the wood at the side of the schoolhouse. Anyone interested in submitting bids for same, please call on P. C. McCormack for particulars.

The Willson & Sylvester Mill company closed down Saturday after a successful season. Having begun sawing during the first week in February the Wrangell mill had a longer season than any mill in Alaska. Considerably more than half the mills of Oregon and Washington are already shut down for the winter.

William Wright was brought to Wrangell from the West Coast last week for medical treatment. He is suffering from dropsy and his condition is reported to be serious. Mr. Wright is a real pioneer, having come to Alaska in the early eighties. He first came to Wrangell in 1887. He was the original owner of Copper Mountain near Sulzer and still owns a group of claims at Copper Mountain. Mrs. Wright also came to Wrangell in order to be with her husband in his affliction. Later—Mr. Wright passed away at 9 o'clock this morning. The funeral is occurring this afternoon.

Advertising in the Sentinel pays. For instance, Ed Grigwire this week received an order from U. G. Parks of Newark, Ohio, for a Wisconsin motor to be delivered to him at Wrangell next Spring. Mr. Parks stated in his letter to Mr. Grigwire that he saw his advertisement in the Sentinel. Mr. Parks is a retired tailor. Two years ago he spent the summer in Wrangell putting in most of his time with Charles Borch on Snake Creek. He liked the North so well that he is coming back again next year.

Dan Sutherland, Cash Cole, and H. E. Tripp, republican candidates, are aboard the Jefferson en route to Ketchikan. They will stop off in Wrangell on their return north next week.

St. Philip's Church.

Oct. 17—Bible School, 11:30 a.m. Evening prayer with sermon, 7:30 p.m. Theme—"Quick Conversions". Are they possible? The answer will be illustrated by the story of the tax collector.

The Moose lodge is now meeting every Friday night instead of twice a month.

Board of Equalization Notice

The Assessment Roll of the Town of Wrangell, Alaska, for the year 1920 has been completed by the assessor and is now open for inspection.

The Common Council of Wrangell will sit as a Board of Equalization on Monday, October 4th at 2 o'clock p. m. and remain in session until 4 o'clock p. m. of said day, and again on Tuesday, October 5th at the same place and during the same hours as on Monday.

The Council will again meet as a Board of Equalization on Thursday, October 21st from 2 o'clock to 4 o'clock p. m. and again on Saturday, October 23d at the same hours as on Thursday.

These meetings will be held in the Town Hall on Church St. and any person desiring changes made in their assessment must make and file with the Board of Equalization a written application thereof, verified by their oath, showing the facts upon which it is claimed such reduction should be made.

Remember these dates:
Monday, October 4th.
Tuesday, October 5th.
Thursday, October 21st.
Saturday, October 23rd.
Dated at Wrangell, Alaska, this 27th day of September, 1920.

J. E. WORDEN,
Clerk.

Notice to the Public

Owing to unsettled conditions, financially and commercially, in which wholesale agencies are restricting the retailers to cash or a thirty day credit basis, instead of the usual long term credits, the above condition compels the retailer to equalize the burden, in part, owing to the fact that the cost for operating his business is more than 50 per cent greater than in the past. Also, the fact that profits accruing therefrom, have not increased in proportion to the expense incurred.

Therefore, it is imperative and necessary, in order to overcome the the above condition and to continue to do business legitimately, we the undersigned are compelled to adopt the following terms of sale, effective October 1, 1920.

All accounts are due and payable on or before the 10th of each month, following date of purchase, and remaining unpaid after said date will be considered delinquent and interest will be charged at the rate of 8 per cent until paid. Any special arrangement contrary to the above will have to be arranged for in advance.

Local News

Mrs. George Northrop returned on the Spokane Sunday from a visit to Tacoma.

Captain K. J. Johansen returned on the Princess Alice Tuesday morning from a business trip to Seattle.

Rev. E. E. Bromley arrived from Bayview on the Princess Pat Monday night. He was en route to Metlakatla to attend a meeting of the Presbytery.

E. A. Rasmusen, president of the Bank of Alaska, was aboard the Princess Alice which was in port Tuesday morning. He was returning to Skagway from a business trip to the States.

Mayo W. Wenzell who resided in Wrangell in 1917 and 1918, was accidentally killed last week while logging near Snoqualmie, Washington. For some time before leaving Wrangell Mr. Wenzell had been employed by the Willson & Sylvester Mill Co. He was a member of the Moose lodge.

The Sentinel this week received a remittance from Lars Horgheim renewing his subscription for another year. Mr. Horgheim states that his daughter, Edith is now with the firm of Watson & Taylor Co., General Agents, Fire Insurance, San Francisco. Another daughter, Amanda, has been for some time in Wahima, Hawaiian Islands, where her husband is employed as a radio operator.

Mrs. Solomon was aboard the City of Seattle Thursday en route from Haines to Portland. Mrs. Solomon spent the summer in Wrangell two years ago at which time her husband was connected with the Beauclaire Packing Co. For the past two years Mr. Solomon has been with the Chilkat company at Haines.

Ed Wright who formerly operated a restaurant at Craig, arrived on the Jefferson Sunday from a visit of several months in Connecticut and other eastern states. Mr. Wright went east to look up his relatives whom he had not seen in many years. He stated to the Sentinel reporter that after his arrival in the east he spent 18 days going from place to place before he succeeded in finding a trace of his people. Finally he located a sister whom he had not seen in 40 years. Mr. Wright left this week for Craig.

From the maple groves of Vermont and Canada comes the rich flavor of the new Karo Maple

Delicious maple flavor and moderate price sold over five million cans of Karo Maple last year. A money-saving hint to many mothers

Over a thousand tons of the purest and finest flavored maple sugar are used annually to make Karo Maple delicious enough to be the preference of those who enjoy maple syrup.

The world's largest users of maple sugar are the makers of Karo Maple. Karo Maple outsells, by far, every kind of maple syrup.

The price is remarkably moderate—economical enough to serve daily to all the family.

Serve it to the children on their bread, and to all the folks on waffles, griddle cakes, or crisp, buttered toast.

Our belief that you will like Karo Maple equally as well as millions of others is best expressed by the following suggestion:

Ask your grocer for Karo Maple in the GREEN CAN. It is guaranteed to please you or your grocer returns your money.

The New Karo Maple

Sore Throat, Colds

Quickly Checked By Hamlin's Wizard Oil

Sore throat and chest colds should never be neglected. Few people realize how often they result seriously if not promptly checked. Hamlin's Wizard Oil is a safe, simple and effective treatment. Used as a gargle for sore throat it brings quick relief. Rubbed on the chest it will often loosen up a hard, deep seated cold in one night. Keep a bottle on the shelf. Wizard Oil is a good dependable preparation to have in the medicine chest for first aid when the doctor may be far away. How often sprains, bruises, cuts and burns occur in every family, as well as little troubles like earache, toothache, cold sores, canker sores, stiff neck, and tired aching feet. Soothing, healing Wizard Oil will always bring quick relief. Generous size bottle 35c. If you are troubled with constipation or sick headache try Hamlin's Wizard Liver Whips. Just pleasant little pink pills at druggists for 35c. Guaranteed.

Entered as second-class matter at the Wrangell, Alaska, post office, under Act of Congress of March 3, 1878.

The steamer Alaska, Captain Gus Nord, will enter the service between San Francisco and Portland on November 1 and remain on the run until March 1. The vessel will be under charter to the Portland and San Francisco Steamship company.

Mining and milling operations at the Kasaan Gold company at Hollis near Ketchikan, are due to start this month. A mill building has been erected for some time, but the operation has been held up pending the construction of a 1,000-foot power flume.

School Notes

Everyone is cordially invited to be present at the meeting of the Parent-Teachers' Association, in the assembly room in the school building on Thursday, October 14.

Rev. Corser, and Gwendolyn and Mrs. Carruthers were visitors at assembly last Friday.

The High School boys, who are taking manual training, are to be commended for the good work they are doing. They have set up the new desks, recently purchased, and repaired the old, saving the School Board considerable expense.

Many books are missing from the library. There are now only 47 volumes of fiction, classical and popular. It would be greatly appreciated if everyone would look at home and see if, by any mistake, they had any stray copies belonging to the school library.

Ethan and Everett Petticrew left for Ketchikan, and Helen Hodges left for Seattle, on the City of Seattle.

The Senior High School was organized last week. Marion Myers was chosen president; Helen Hofstad, vice president; Alfred Royalty, secretary and treasurer; George Gunderson, editor-in-chief; Fred Gunderson, yell leader; Andrew Engstrom, assistant yell leader; and Henry Ronning, sergeant-at-arms. The High School intends to give a play sometime during the year.
Helen Hofstad.

Frank Berry, of Girdwood, was recently found guilty of violating the National prohibition law and was fined \$400 and sentenced to three months in jail.

Dr. Griffith and W. H. Klauer, big game hunters of Chicago, who were hunting this summer at the head of the Donjek river, have returned to Whitehorse. They had excellent luck and got both mountain sheep and grizzly bear.

Got Something You Want to Sell?

Most people have a piece of furniture, a farm implement, or something else which they have discarded and which they no longer want.

These things are put in the attic, or stored away in the barn, or left lying about, getting of less and less value each year.

WHY NOT SELL THEM?

Somebody wants those very things which have become of no use to you. Why not try to find that somebody by putting a want advertisement in

THIS NEWSPAPER?
